

## Sensor Head SKL-A2 IR

The Sensor Head SKL-A2 IR is used to connect the BFI fiber optic cable to specific gas turbines. The flange is specially designed for four-hole mounting systems.

### 1 | Technical data

Spectral sensitivity	300 nm to 2700 nm
Angel of view	2.7°
Material	stainless steel 1.4301
Flame orientation	axial
Ambient temperature	-60 °C to +400 °C
Dimensions	95 mm x 87.5 mm
Pitch circle diameter	65 mm
Mounting screw size	M14
FOC connector	M30
Weight	approx. 1.1 kg
