

Sensor Head SKL IR

The Sensor Head SKL IR is used to connect the BFI Fiber Optic Cable to the sight port of the application.

1 | Technical data

Spectral sensitivity	300 nm to 2700 nm
Angel of view	2.7°
Material	stainless steel 1.4301
Orientation	axial
Ambient temperature	-60 °C to +400 °C
Dimensions	65 mm x 115 mm
Sight port connection	G 1" female thread
FOC connector	M30
Weight	approx. 0.75 kg
